

RELATIONSHIPS AND SEX EDUCATION POLICY

Policy reviewed by: Viv Thompson – Director of Education and Safeguarding/ Chair of Advisory Board

Policy actioned from: 01/09/2026

Version: v9.0

Next review date: 06/2027

Reviewer's Signature:

Please note: 'School' refers to Chatsworth Schools; 'parents' refers to parents, guardians and carers.

This is a whole school policy, which also applies to the Early Years Foundation Stage.

POLICY AMENDMENT PAGE

[illegible]

--	--	--	--

Introduction and Aims

Relationships, Sex and Health Education (RSHE) is embedded in the emotional, social and cultural development of pupils, and, when considered across the whole educational age range from Early Years to Year 13, involves learning at an age-appropriate level about relationships, sexual health, sexuality, consent, healthy lifestyles, diversity and personal identity. It involves both sharing information and exploring issues and values in an objective environment which promotes respect, tolerance and understanding. RSE is not about the promotion of sexual activity.

The aims of relationships, sex and health education (RSHE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy, and cultivate positive characteristics such as kindness and integrity
- Create a positive culture and promote healthy norms about relationships, including sexual relationships where relevant, and about health, including mental health
- Teach pupils the correct vocabulary to describe themselves and their bodies

References and Statutory Requirements

As a school, we must provide relationships education to all pupils under section 34 of the [Children and Social Work Act 2017](#). We must also teach health education.

We are not required to provide sex education, but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSHE, we must have regard to [guidance](#) issued by the secretary of state, as outlined in section 403 of the [Education Act 1996](#).

We also have regard to legal duties set out in:

- Sections 404 to 407 of the Education Act 1996
- Part 6, chapter 1 of the Equality Act 2010

- The Public Sector Equality Duty (PSED) (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities

At Broughton Manor Prep School, we teach RSHE as set out in this policy.

Policy Development

This policy has been developed in consultation with staff, pupils and parents/carers. The consultation and policy development process involved the following steps:

- Review – all relevant information including relevant national and local guidance was gathered and used during the review.
- Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations.
- Parent consultation – parents/carers were made aware of the RSHE requirements from and have been informed of them by email inviting feedback as well as a survey
- Pupil consultation – pupil voice was consulted in relation to this policy via school council and an annual survey of the Prep School children.
- Ratification – once amendments were made, the policy was shared with the Director Advisers in August 2026 and by the School Advisory Board and ratified at the Autumn Term meeting.

Definition

Relationships and health education will:

- Teach the skills and knowledge that form the building blocks of all positive relationships
- Support children from the start of their education to grow into kind, caring adults who:
 - › Have respect for others
 - › Know how to keep themselves safe
 - › Have emotional awareness
- Highlight the benefits and importance of physical activity, good nutrition, sufficient sleep and time spent outdoors
- Emphasise the relationship between physical health and mental wellbeing
- Aim to reduce stigma attached to health issues, in particular relating to mental health, and discourage the pejorative use of language related to ill health

Curriculum

Our RSHE curriculum is set out as per Appendices 1 and 2, but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents and carers, pupils and staff, and taking into account the age, developmental stage, needs (such as cultural and religious needs) and feelings of our pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so that pupils are fully informed and don't seek answers online. Teaching will be developed to ensure the curriculum is accessible for pupils with SEND.

We will share all curriculum materials with parents and carers on request.

Delivery

RSHE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSHE are taught within the science curriculum, and other aspects are included in religious education (RE).

The school will make sure that:

- Core knowledge is sectioned into units of manageable size
- The required content is communicated to pupils clearly, in a carefully sequenced way and within a planned scheme of work
- Teaching includes sufficient and well-chosen opportunities and contexts for pupils to embed new knowledge, so that it can be used confidently in real-life situations
- "Over blocking" by the school's filtering and monitoring system doesn't lead to unreasonable restrictions as to what children can be taught

Relationships education focuses on teaching the skills and knowledge that form the building blocks of all positive relationships, supporting children from the start of their education to grow into kind, caring adults who have respect for others and know how to keep themselves and others safe, including:

- Families and people who care for me
- Caring friendships
- Respectful, kind relationships
- Online safety and awareness
- Being safe
- Health education will:
 - Highlight the benefits and importance of physical activity, good nutrition, sufficient sleep and time spent outdoors
 - Emphasise the relationship between physical health and mental wellbeing

At Crown House School, we provide age-appropriate sex education in addition to the statutory science curriculum as part of our wider PSHE/RSHE programme. This is taught through the Jigsaw 'Changing Me' unit and is carefully adapted to the age, maturity and needs of pupils. Teaching includes age-appropriate learning about puberty, how bodies change as children grow, reproduction and how babies are conceived and born. The programme is delivered sensitively within the wider context of healthy relationships, respect, personal safety and wellbeing.

Primary sex education taught in year 5 and/or year 6 will be taught in line with the National Curriculum for science, and focus on:

- The main external body parts
- The human body as it grows from birth to old age (including puberty)
- Reproduction in some plants and animals
- How a baby is conceived (in line with the factual curriculum of conception set out in the science curriculum)

Throughout each year group we will use appropriate material to assist learning, such as:

- Diagrams
- Videos
- Books
- Games
- Discussions and practical activities

Teachers will make sure that all pupils' views are listened to and will encourage them to ask questions and engage in discussion. Teachers will answer questions sensitively, honestly and appropriately for the age of the pupils.

The programme will be designed to focus on boys as much as girls, and activities will be planned to make sure both are actively involved.

Pupils will be introduced to protective and preventative content in a way that does not cause unreasonable alarm and does not appear to normalise risky behaviours or activities. The school will make sure that all teaching and materials are appropriate for the ages and needs of the pupils including any additional needs, such as special educational needs and disabilities (SEND). The school uses the Jigsaw PSHE programme to deliver RSE. Prior to teaching sex education, the PSHE staff and form tutors (in consultation with SLT) will assess the materials with the context of the cohort and make adjustments as necessary based on the needs of the group and individuals.

At all points of delivery of the curriculum, the school will consult parents and carers, and their views will be valued. What will be taught and how will be planned in conjunction with parents and carers.

Pupils understanding will be assessed through questioning and observation. This is recorded as summative assessment as per the PSHE policy. For more information about our RSHE curriculum, see Appendices 1 and 2.

We may amend our curriculum content to respond to the needs and context of our pupils, to discuss issues affecting them in an age-appropriate manner. We will inform parents and carers of any deviation from our published policy in advance and share any relevant materials on request.

These areas of learning are taught within the context of family life, taking care to make sure that there is no stigmatisation of children based on their home circumstances (i.e. families can include single-parent families, same-sex parents, families headed by grandparents, adoptive parents and foster parents among other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example, looked-after children, young carers or kinship carers).

Across our school, we will also be mindful of the law and legal requirements, taking care not to condone or encourage illegal activity, such as violent action against people, criminal damage to property or hate crime.

Inclusivity

We will teach about these topics in a manner that:

- Considers how a diverse range of pupils will relate to them
- Is accessible to pupils with SEND
- Is sensitive to all pupils' experiences
- During lessons, makes pupils feel:
 - Safe and supported
 - Able to engage with the key messages

We will also:

Make sure that pupils learn about these topics in an environment that's appropriate for them, for example in:

- A whole-class setting
- Small groups or targeted sessions
- 1-to-1 discussions
- Digital formats

Give careful consideration to the level of differentiation needed.

Role of School Advisors, Head and Staff

The School Advisory Board will approve the RSHE policy and hold the headteacher to account for its implementation.

The headteacher is responsible for making sure that RSHE is taught consistently across the school, for sharing all resources and materials with parents and carers, and for managing requests to withdraw pupils from the non-statutory components of RSHE (see section 9).

Staff are responsible for:

- Delivering RSHE in a way that is sensitive, high-quality and appropriate for each year group and modelling positive attitudes to the area
- Monitoring progress and responding to the needs of individual pupils
- Responding appropriately to pupils whose parents/carers wish them to be withdrawn from the non- statutory components of RSHE
- Modelling positive behaviour and avoiding language that might perpetuate harmful stereotypes, and being conscious of everyday sexism, misogyny/misandry, homophobia, biphobia, sexual violence/harassment, derogatory behaviour and stereotypes
- Where misogynistic ideas are expressed at school, challenging the ideas, rather than the person expressing them
- Reporting any safeguarding concerns or disclosures that pupils may make as a result of the subject content to the school's designated safeguarding lead (DSL) Elaine Giliomee

Staff do not have the right to opt out of teaching RSHE. Staff who have concerns about teaching RSHE are encouraged to discuss this with the headteacher.

RSHE Lead: Teri Sutherland

Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with respect and sensitivity.

Parents' right to withdraw

Parents/carers do not have the right to withdraw their child from relationships and health education.

Parents/carers have the right to withdraw their child from the non-statutory components of sex education within RSHE – the headteacher will grant all requests to withdraw a pupil from the non-statutory parts of sex education.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher. Alternative schoolwork will be given to pupils who are withdrawn from sex education.

Training

Staff are trained on the delivery of RSHE as part of their induction and it is included in our continuing professional development calendar.

Monitoring and Review

The school is committed to monitoring and evaluating the effectiveness of its RSHE Programme and uses a range of approaches, including assessment of the pupils' knowledge and understanding, pupil feedback, staff review and feedback and gathering the views of parents. As part of the school's commitment to listening to and responding appropriately to the views of its pupils and enabling them to evaluate the quality of their learning experiences, the school takes into account the voice of the pupils about teaching and learning in RSHE. The policy is reviewed on an annual basis.

Teri Sutherland, with the support of SLT, is the PSHE Lead. She monitors and evaluates the Summative Assessment which is recorded each half term. Assessment within each class is done through questioning and evaluating work. The PSHE Lead will observe lessons and support where necessary. A PSHE review is carried out annually with parent and children's views sought through a survey.

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers are trained and prepared to handle personal issues arising from studies in RSE, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs. This may include family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

Teachers will take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teacher or their peers.

The school will give due consideration as to whether some aspects of the RSE curriculum, menstruation being a case in point, will be more effectively and sensitively provided with the pupils divided into single-sex groupings.

Appendix 1: Curriculum map

Relationships, sex and health education curriculum map

We follow the Jigsaw PSHE Programme. Below is a snapshot of the curriculum overview. Greater detail is available by referring to our Curriculum Overviews.

PSHE Knowledge Content Snapshot Overview

Age group	Being Me In My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
Ages 3-5	Self-identity Understanding feelings Being in a classroom Being gentle Rights and responsibilities	Identifying talents Being special Families Where we live Making friends Standing up for yourself	Challenges Perseverance Achieving and setting goals Overcoming obstacles Seeking help Jobs	Exercising bodies Physical activity Healthy food Sleep Keeping clean Safety	Family life Friendships Breaking friendships Falling out Dealing with bullying Being a good friend	Bodies Respecting my body Growing up Growth and change Fun and fears Celebrations
Ages 5-6	Feeling special and safe Being part of a class Rights and responsibilities Rewards and feeling proud Consequences Owning the learning charter	Similarities and differences Understanding bullying and knowing how to deal with it Making new friends Celebrating the differences in everyone	Setting goals Identifying successes and achievements Learning styles Working well and celebrating achievement with a partner Tackling new challenges Identifying and overcoming obstacles Feelings of success	Keeping myself healthy Healthier lifestyle choices Keeping clean Being safe Medicine safety/ safety with household items Road safety Linking health and happiness	Belonging to a family Making friends/being a good friend Physical contact preferences People who help us Qualities as a friend and person Self-acknowledgement Being a good friend to myself Celebrating special relationships	Life cycles – animal and human Changes in me Changes since being a baby Differences between female and male bodies (correct terminology) Linking growing and learning Coping with change Transition

PSHE Knowledge Content Snapshot Overview

Age group	Being Me In My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
Ages 6-7	- Hopes and fears for the year - Rights and responsibilities - Rewards and consequences - Safe and fair learning environment - Valuing contributions - Choices - Recognising feelings	- Assumptions and stereotypes about gender - Understanding bullying - Standing up for self and others - Making new friends - Celebrating difference and remaining friends	- Achieving realistic goals - Staying healthy to achieve goals - Perseverance and strengths - Learning with others - Group co-operation - Contributing to and sharing success	- Motivation - Healthier choices - Healthy eating and nutrition - Safety in the home - Safety out and about - Medicines	- Different types of family - Physical contact boundaries - Friendship and conflict - Secrets - Trust and appreciation - Expressing appreciation for special relationships	- Life cycles in nature - Growing from young to old - Increasing independence - Differences in female and male bodies (correct terminology) - Assertiveness - Preparing for transition
Ages 7-8	- Setting personal goals - Self-identity and worth - Positivity in challenges - Rules, rights and responsibilities - Rewards and consequences - Responsible choices - Seeing things from others' perspectives	- Families and their differences - Family conflict and how to manage it (child-centred) - Witnessing bullying and how to solve it - Recognising how words can be hurtful - Giving and receiving compliments	- Difficult challenges and achieving success - Dreams and ambitions - Motivation and enthusiasm - Recognising and trying to overcome obstacles - Evaluating learning - Processes - Contributing to the community - Managing feelings - Simple budgeting	- Exercise - Food labelling and healthy swaps - Attitudes towards drugs - Keeping safe online and off line - Respect for myself and others - Healthy and safe choices outdoors - Water safety - Asking for help	- Family roles and responsibilities - Friendship and negotiation - Keeping safe online and who to go to for help - Media influence - Being a global citizen - How my choices affect others - Awareness of other children's different lives - Expressing appreciation for family and friends	- How babies grow - Outside body changes - Inside body changes - Personal hygiene - Family stereotypes - Challenging my ideas - Preparing for transition

PSHE Knowledge Content Snapshot Overview

Age group	Being Me In My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
Ages 8-9	Being part of a class team Being a school citizen Rights, responsibilities and democracy (school council) Rewards and consequences Group decision-making Having a voice What motivates behaviour	Challenging assumptions Judging by appearance Accepting self and others Understanding influences Understanding bullying Problem-solving Identifying how special and unique everyone is First impressions	Hopes and dreams Overcoming disappointment Creating new realistic dreams Achieving goals Working in a group Celebrating contributions Resilience Positive attitudes	Healthier friendships Peer influences Railway safety Staying safe with friends Smoking Alcohol and vaping Assertiveness Peer pressure Celebrating inner strength	Jealousy Love and loss Memories of loved ones Getting and Falling Out Girlfriends and Boyfriends Showing appreciation to people and animals	Being unique Girls and puberty Being part of a family Confidence in change Accepting change Preparing for transition Environmental change
Ages 9-10	Planning the year ahead Being a citizen Rights and responsibilities Rewards and consequences How behaviour affects groups Democracy, having a voice, participating	Cultural differences and how they can cause conflict Racism Rumours and name-calling Types of bullying Materials wealth and happiness Enjoying and respecting other cultures	Future dreams Spending, saving and value of money Jobs and careers Dream job and how to get there Goals in different cultures Supporting others (charity) Motivation	Smoking including vaping Alcohol and vaping Alcohol and anti-social behaviour Emergency aid Body image Relationships with food Healthy choices Motivation and behaviour	Self-recognition/ self-worth Building self-esteem Safer online communities Rights and responsibilities online Online gaming and risks Reducing screen time Dangers of online grooming Internet safety rules	Self- and body image Influence of online and media on body image Puberty for girls Puberty for boys <i>Conception (including IVF)</i> Growing responsibility Coping with change Preparing for transition

PSHE Knowledge Content Snapshot Overview

Age group	Being Me In My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
Ages 10-11	Identifying goals for the year Global citizenship Children's universal rights Feeling welcome and valued Choices, consequences and rewards Group dynamics Democracy, having a voice Anti-social behaviour Role-modelling	Perceptions of normality Understanding disability Power struggles Understanding bullying Inclusion/exclusion Differences as conflict, difference as celebration Empathy	Personal learning goals, in and out of school Success criteria Emotions in success Making a difference in the world Motivation Recognising achievements Compliments	Taking personal responsibility How substances affect the body Exploitation including 'county lines' and gang culture Emotional and mental health Managing stress	Mental health Identifying mental health worries and sources of support Love and loss Managing feelings Power and control Assertiveness Technology safety Take responsibility with technology use	Self-image Body-image Puberty and feelings <i>Conception to birth</i> Reflections about change Physical attraction Respect and consent Boyfriends/girlfriends Sexting Transition

Appendix 2: By the end of Year 6 should know

TOPIC	PUPILS SHOULD KNOW
Families and people who care for me	• That families are important for children growing up because they can give love, security and stability • The characteristics of safe and happy family life, such as: commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives • That other children's families, either in school or in the wider world, sometimes look different from their own, but they should respect those differences and know that other families are also characterised by love and care • That stable, caring relationships are at the heart of safe and happy families, and are important for children's security as they grow up • That marriage and civil partnerships represent a formal and legally recognised commitment of 2 people to each other which is intended to be lifelong • How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed
Caring friendships	• How important friendships are in making us feel happy and secure, and how people choose and make friends • The characteristics of friendships that lead to happiness and security, including: mutual respect, truthfulness, trust and trustworthiness, loyalty, kindness, generosity, sharing interests and experiences and support with problems and difficulties • That healthy, caring and kind friendships are positive and welcoming towards others, and do not make others feel lonely or excluded. Pupils should learn skills for developing caring, kind friendships • That not every child will have the friends they would like at all times, that most people feel lonely sometimes, and that there is no shame in feeling lonely or talking about it • That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened • About managing conflict with kindness and respect, and that violence is never right • How to recognise when a friendship is making them feel unhappy or uncomfortable, and how to seek help or advice from others, if needed

TOPIC	PUPILS SHOULD KNOW
Respectful, kind relationships	• How to pay attention to the needs and preferences of others, including in families and friendships. Pupils should be encouraged to discuss how we can balance the needs and wishes of different people in relationships, and why this can be complicated • The importance of setting and respecting healthy boundaries in all relationships with friends, family, peers and adults • How to communicate effectively and manage conflict with kindness and respect: how to be assertive and express needs and boundaries and manage feelings, including disappointment and frustration • That they can expect to be treated with respect by others and the importance of respecting others, including those who are different (for example: physically or in character, personality or background), or make different choices, or have different preferences or beliefs • The practical steps they can take in a range of different contexts to improve or support their relationships • The conventions of courtesy and manners • The importance of self-respect and how this links to their own happiness. They should have opportunities to consider issues like how they foster their own self-esteem and build a strong sense of their own identity, including through developing skills and interests • Pupils should have opportunities to discuss the difference between being assertive and being controlling, and the difference between being kind to other people and neglecting your own needs • About different types of bullying (including online bullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help • How to seek help when needed, including when they are concerned about violence, harm, or when they are unsure who to trust • What a stereotype is, and how stereotypes can be unfair, negative or destructive or lead to bullying and how to challenge a stereotype

TOPIC	PUPILS SHOULD KNOW
Online safety and awareness	• How to critically evaluate their online relationships and sources of information, including awareness of the risks associated with people they have never met • That people sometimes behave differently online, including by pretending to be someone they are not and/or pretending to be a child, and that this can lead to dangerous situations • That people should be respectful in online interactions, and that the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online, including when we are anonymous. For example, the importance of avoiding putting pressure on others to share information and images online, and strategies for resisting peer pressure. • The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them • That there is a minimum age for joining most social media sites which protects children from inappropriate content or unsafe content with older social media users, who may be strangers, including other children and adults • That it's important to be cautious about sharing any information about themselves online, and how to use privacy and location settings to protect their information online • How to critically consider their online friendships and sources of information, including awareness of the risks associated with people they have never met • How information and data is shared and used online, including where pictures or words might be circulated • Online risks, including that any material provided online might be circulated, and that once a picture or words has been circulated there is no way of deleting it everywhere and no control over where it ends up • That the internet contains a lot of content that can be inappropriate and upsetting for children, and where to go for advice and support when they feel worried or concerned about something they have seen or engaged with online

TOPIC	PUPILS SHOULD KNOW
Being safe	• What sorts of boundaries are appropriate in friendships with peers and others (including online). This can include learning about boundaries in play and in negotiations about space, toys, books and resources, for example • About the concept of privacy and the implications of it for both children and adults, including that it's not always right to keep secrets if they relate to being safe • That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe contact, including physical contact • How to respond safely and appropriately to adults they may encounter (in all contexts, including online) including those they do and don't know • How to recognise when a relationship is harmful or dangerous, including skills for recognising who to trust and who not to trust • How to report abuse, concerns about something seen online or experienced in real life, or feelings of being unsafe or feeling bad about any adult, and the vocabulary and confidence needed to do so • How to ask for advice or help for themselves or others, and to keep trying until they are heard • Where to get advice, for example from their family, school and/or other sources

TOPIC	PUPILS SHOULD KNOW
General wellbeing	• The health, wellbeing and happiness benefits of physical activity, time outdoors, and helping others • Simple self-care techniques, including the importance of rest, time spent with friends and family, as well as hobbies, interests and community participation • The importance of promoting general wellbeing and physical health • The range of scale of emotions that they might experience in different situations (e.g. happiness, sadness, anger, fear, surprise, nervousness) and that worrying and feeling down are normal, affect everyone at different times, and are not in themselves a sign of a mental health condition • How to recognise feelings and use varied vocabulary to talk about their own and others' feelings • How to judge whether what they are feeling and how they are behaving is appropriate and proportionate • That isolation and loneliness can affect children, and the benefits of seeking support • That bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing and how to seek help for themselves or others • That change and loss, including bereavement, can provoke a range of feelings, that grief is a natural response to bereavement, and that everyone grieves differently • Where and how to seek support (including recognising the triggers for seeking support), including who to speak to in school if they are worried about their own or someone else's mental wellbeing or ability to control their emotions (including issues arising online) • That it is common to experience mental health problems, and early support can help

TOPIC	PUPILS SHOULD KNOW
Wellbeing online	• That for almost everyone the internet is an integral part of life • How to think about positive and negative aspects of the internet • How online relationships can complement and support meaningful in-person relationships, but also how they might be in tension, and the reasons why online relationships are unlikely to be a good substitute for high quality in-person relationships, looking at the pros and cons of different ways of using online connection • The benefits of limiting time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing • How to consider the impact of their online behaviour on others, and how to recognise and display respectful behaviour online • Why social media, some apps, computer games and online gaming, including gambling sites, are age restricted • The risks relating to online gaming, video game monetisation, scams, fraud and other financial harms, and that gaming can become addictive • How to take a critical approach to what they see and read online and make responsible decisions about which content, including content on social media and apps, is appropriate for them • That abuse, bullying and harassment can take place online and that this can impact wellbeing • How to seek support from trusted adults • How to understand the information they find online, including from search engines, and know how information is selected and targeted • That they have rights in relation to sharing personal data, privacy and consent • Where and how to report concerns and get support with issues online
Physical health and fitness	• The characteristics and mental and physical benefits of an active lifestyle • The importance of building regular physical activity into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, moderate and/or vigorous physical activity • The risks associated with an inactive lifestyle, including obesity • How and when to seek support including which adults to speak to in school if they are worried about their health

TOPIC	PUPILS SHOULD KNOW
Healthy eating	• What constitutes a healthy diet (including understanding calories and other nutritional content) • Understanding the importance of a healthy relationship with food • The principles of planning and preparing a range of healthy meals • The characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health)
Drugs, alcohol, tobacco and vaping	• The facts about legal and illegal harmful substances and associated risks, including smoking, vaping, alcohol use and drug-taking. This should include the risks of nicotine addiction, which are also caused by other nicotine products such as nicotine pouches
Health protection and prevention	• How to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body • About safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer • The importance of sufficient good quality sleep for health, the amount of sleep recommended for their age, and practical steps for improving sleep, such as not using screens in the bedroom. The impact of poor sleep on weight, mood and ability to learn • About dental health and the benefits of good oral hygiene, including brushing teeth twice a day with fluoride toothpaste, cleaning between teeth, and regular checkups at the dentist • About personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing • The facts and scientific evidence relating to vaccination and immunisation. The introduction of topics relating to vaccination and immunisation should be aligned with when vaccinations are offered to pupils
Personal safety	• About hazards (including fire risks) that may cause harm, injury or risk and ways to reduce risks • How to recognise risk and keep safe around roads, railways, including level crossings, and water, including the water safety code
Basic first aid	• How to make a clear and efficient call to emergency services if necessary, including the importance of reporting incidents rather than filming them • Concepts of basic first aid, for example dealing with common injuries and ailments, including head injuries

TOPIC	PUPILS SHOULD KNOW
Developing bodies	• About growth and other ways the body can change and develop, particularly during adolescence. This topic should include the human lifecycle, and puberty should be discussed as a stage in this process • The correct names of body parts, including the penis, vulva, vagina, testicles, scrotum, nipples. That all of these parts of the body are private and have skills to understand and express their own boundaries around these body parts • The facts about the menstrual cycle, including physical and emotional changes (while the average age of the onset of menstruation is 12, periods can start at 8, so covering this topic before girls' periods start will help them understand what to expect and avoid distress)

Interpretation

In this policy, the term “senior manager” means the School Head and their designated deputies. This policy does not form part of any employee's contract of employment and may be amended at any time.

This policy applies to all employees in all Schools (save for Schools with their own procedure which shall prevail) and other work environments within Chatsworth Schools. This policy applies within all companies, which are wholly owned subsidiaries of Chatsworth Schools Ltd, a company registered in England, registered number 11552579.

The registered office of all companies is St Botolph Building, 138 Houndsditch, London, United Kingdom, EC3A 7AR Any enquiries regarding the application of this policy should be addressed to the Director of Education and Safeguarding at the above address.
